ABOUT SPHURTI

Sports are a crucial part of a student's growth and development. They help in the development of mental health and physical fitness of the body. Through participation in sports and games, a student gains various skills, experience, and confidence that help develop their personality. The DIT University of Dehradun held its 1st annual sports fest, SPHURTI in 2014. It is an open sports intercollege tournament of DIT University, which provides students with a platform to compete in badminton, basketball, table tennis, volleyball, football, and cricket. The event features teams from different regions across the country. Starting with 32 teams across various states in India to 118 teams in SPHURTI-2024. It has been strengthened year by year with more participants. More than 650 matches had been conducted throughout all the journeys of Sphurti. Sport as a social practice has become relevant in many fields: health, economy, politics, education, work, and leisure. The importance of sport transcends the confines of the sports field.

A MESSAGE FOR SPHURTI-2024

FROM THE DESK OF VICE CHANCELLOR

Sports is not just about physical exercise and competition. It instils team spirit, leadership qualities, and develops performance character traits such as grit, resilience, and self-discipline. Its benefits are not limited only to those who play, but also to those who watch and support the players. DIT University annual sports festival Sphurti is one of the occasions that brings all DITians together. I am happy to note that the annual sports festival is being organised from 13-15 March 2024.

This event will definitely encourage our students to improve their sports skill as well as improve their overall mental & physical health. My best wishes to the organisers for a successful event. This year being our Silver Jubilee year, I hope the event is organised in a manner befitting the occasion.

I wish the event a grand success.

May all have a great and peaceful "SPHURTI -2024".

Jai Hind!

Prof. G. Raghurama
Vice Chancellor
DIT University, Dehradun.

FROM THE DESK OF DEAN STUDENT WELFARE

I take great pleasure in welcoming all students and sports persons to the SPHURTI-2024, the eighth annual sports meet of DIT University, from 13th March to 15th March 2024. On this occasion, I extend my warm wishes to all the sports persons with a great motto of "Aim for excellence, not perfection." we will form the nucleus of change when we combine efforts with those who have walked the path before us and combine efforts with those who have walked the path before us and are standing ready to create a year of not just being competitive but one of athletic dominance. Once you've prepared mentally and physically for your game, then you are ready to do your best-and your best is the best you can do.

The DIT University, Dehradun, under the leadership of Hon'ble vice Chancellor, Prof. G. Raghurama is fully committed for all around development and empowerment of students so that they can realise their full potential and also contribute to the career-building process. Not only that, the DIT University, Dehradun is focused on Scientific development and firmly holds the view that the students should be active participants and not just passive recipients of the knowledge process.
